

K-LOVE is exactly what they say they are - POSITIVE & ENCOURAGING. I look forward to listening to the station every day to hear news and music - including local information regarding the important events being held by non-profit organizations in my area. There is not another forum in this area for consolidated information about those important events and much would be "lost in the wind" if we didn't have K-LOVE to let us know about what's happening locally. I listen to K-LOVE 99% of the time that I am driving in my car & it's a certain cure for any symptoms of road rage. Finding the station was a blessing from God and I consider myself very fortunate to have found them. One couldn't ask for more - a radio station that plays good Christian music with hosts that love the Lord and no commercials. K-LOVE's mission work would not be able to reach as many people if they were forced off the air and that would be another victory for the evil forces of the world. Don't we have enough "junk radio" that we should protect a good thing when it comes to us? Whether a person is a Christian or not, K-LOVE is informative, encouraging, and useful in more ways than can be mentioned in a brief letter. PLEASE ensure that they are allowed to continue their good works. Thank you!
